

2024 ASLA CONNECTICUT STUDENT AWARDS

CALL FOR ENTRIES (also at www.ctasla.org/awards)

Connecticut Chapter • American Society of Landscape Architects

Recognizing excellence in landscape architectural studies.

The Connecticut Chapter of the American Society of Landscape Architects invites submission of student works to be reviewed for the 2024 ASLA Connecticut Student Awards. These awards identify, recognize, and publicize outstanding academic works of students enrolled in an accredited landscape architecture program.

Eligibility

Students enrolled in the Landscape Architecture program at the University of Connecticut, or legal residents of Connecticut who are enrolled in an accredited program in another state, may enter projects completed by an individual student or student team. Individuals who have graduated from an accredited program in the past year (meeting the criteria above) are also eligible. This award is not intended for projects completed by professional landscape architects or design firms. Projects that win in the student work category cannot be later submitted under any of the professional categories.

Students cannot enter projects on behalf of another student.

Student entries require the support of a course instructor or department chair. A PDF Letter of Endorsement of 250 words or less from a landscape architecture faculty member is required with the submittal (recent graduates are exempt from this requirement).

Entry Criteria

Submissions should be coursework completed as part of academic studies in one of the following categories: Site Design, Planning & Analysis, Research, or Communications.

Entries will be evaluated on the basis of quality and clarity of graphics, context, and design ideas; innovative ideas and approach; and design value. Each project will be judged on its own merit, not against other student submissions or professional submissions.

The ASLA Connecticut Student Awards are unique and separate from the ASLA Connecticut Professional Awards. The peer jury may choose to recognize submissions with Merit Awards or Honor Awards, independently of the Professional Awards.

Entry Fee

- FREE submission for Student or Associate ASLA members for their first project. \$25.00 for each additional project.
- Students in an accredited degree program may join ASLA at no cost. Please visit www.asla.org/Join.aspx for additional information.
