| Frederick Law Olmsted: The Father of American Landscape Architecture..... | 23     |
| What Landscape Architects Do .....                                        | 24     |

This booklet contains contact information of members of the Connecticut Chapter of the American Society of Landscape Architects and is intended as a resource guide for those seeking landscape architectural services. An asterisk (\*) next to a member's name indicates that that individual is a Connecticut-licensed landscape architect. To verify a license you can check the State of Connecticut website at [www.elicense.ct.gov/Lookup/LicenseLookup.aspx](http://www.elicense.ct.gov/Lookup/LicenseLookup.aspx). (Note that some of our members are licensed in multiple states; please consult the appropriate state resource to verify licensure in other jurisdictions.)

# Licensure in Connecticut

Landscape architecture is a licensed profession in Connecticut. Through education, training and examination, licensed landscape architects are qualified and competent to render professional landscape architectural services in a manner that will protect the public health, safety and welfare. Landscape architects are trained to work on community master plans, site planning, highway design, pedestrian walkways, garden design, wetlands construction and mitigation, park and trail systems, erosion control, historic preservation and stormwater management, to name just a few aspects of the profession.

Under Connecticut's practice act, no unqualified or untrained person may perform the work of a landscape architect, as defined by state law (Chapter 396 of the Connecticut General Statutes). Landscape architecture is regulated by the State Board of Landscape Architects, part of the Occupational and Professional Licensing Division of the State of Connecticut Department of Consumer Protection. The Board is comprised of four professional members and three public members.

Candidates may apply to sit for the Landscape Architect Registration Examination (LARE) with a professional degree in landscape architecture from a college or university accredited by the Landscape Architectural Accreditation Board and evidence of a minimum of two years' practical experience under the direct supervision of a licensed landscape architect. Candidates with these credentials shall apply directly to the Council of Landscape Architectural Registration Boards (CLARB) for admission to the examination.

Licensed landscape architects in the State of Connecticut are required to participate in continuing education programs in order to maintain licensure, as established by Public Act 97-174. Regulations require each licensed landscape architect to obtain 24 continuing education units (CEUs) within each two-year period. One continuing education unit is the equivalent of one contact hour of technical presentation acceptable to the Board of Landscape Architects. See <http://tinyurl.com/34kkraen> for more information, or email [dcp.continuingeducation@ct.gov](mailto:dcp.continuingeducation@ct.gov)

Questions about licensure of landscape architects in Connecticut should be directed to:

# FREDERICK LAW OLNSTED

## *The Father of American Landscape Architecture*

Frederick Law Olmsted was born in Hartford on April 26, 1822 and spent most of his formative years tramping around the streams, forests, and meadows of the neighboring countryside. His notable work in Connecticut includes Beardsley Park and Seaside Park in Bridgeport; Walnut Hill Park in New Britain; and the grounds for the Institute of the Living in Hartford. Upon his death in 1903, he was returned to Hartford to be buried in Old North Cemetery in Hartford alongside his parents and son.

Public Act 05-179 recognizes Connecticut Olmsted Day, celebrated on April 26th of each year. He was also inducted into the Connecticut Hall of Fame in 2014 in recognition of his influence on the profession of landscape architecture as well as land conservation advocacy.

## The Olmsted Legacy Trail

[olmstedlegacytrail.com](http://olmstedlegacytrail.com)

The Olmsted Legacy Trail website was created in 2013 by CTASLA to provide information about the landscapes and legacy of Frederick Law Olmsted in Connecticut. Visit the site:

## Olmsted In Connecticut Landscape Documentation Project

The State Historic Preservation Office (SHPO) partnered with Preservation Connecticut to highlight the state's role in the Olmsted legacy. In 2022, with help from the Red Bridge Group, SHPO drafted an historical context specific to the Olmsted firm's associations with Connecticut and completed a survey of nearly 150 properties. Read the report here:

# What Landscape Architects Do

Landscape architecture involves the planning, design, management, and nurturing of the built and natural environments. With their unique skill set, landscape architects work to improve human and environmental health in all communities. They plan and design parks, campuses, streetscapes, trails, plazas, residences, and other projects that strengthen communities.

2023 ASLA Connecticut Professionals Awards, “Creeside Residence” (Scarsdale, NY) by Renée Byers Landscape Architect.  
Category: Landscape Architectural Design/Built Works – Residential.

2023 ASLA Connecticut Professionals Awards: “Return to the Riverbend” (Middletown, CT) by Langan (in collaboration with Cooper Robertson) Category: Landscape Planning & Analysis.
